Renew of a Health Card

About the Service

This service enables patients to apply for the issue of a new health card instead of an expired one, which entitles its holder to receive medical services through EHS facilities.

Service Process

- Smart Service using a valid Emirates ID card:
- Create the request through the smart service, either through the online service or at typing centers.
- Pay the service fees.
- The request is reviewed by the designated health registration officer
- If approved, a text message and email are sent to the applicant confirming the approval
- Upon receiving approval, the applicant can avail the service.
- In case of rejection and return of the application, the applicant can modify the request and resubmit it for approval
