

# **Intensive Care Services**

## **About the Service**

This service provides intensive care for complex, critical and unstable medical conditions. It includes: adults intensive care, pediatric intensive care, neonatal intensive care, cardiac intensive care, and cardiac surgery intensive care.

## **Service Process**

- Patients referred from labour rooms, operating theaters, or in-patient or emergency departments of the same hospital/others, are admitted.
- Treatment provided is based on the patient's condition and appropriate treatment plan.

## **Required Documents**

- Copy of patient ( or mother in case of neonate) valid ID card
- Valid patient ( or mother in case of neonate) Health Card
- In the absence of the above, a copy of a valid passport is required

## **Conditions & Requirements**

1. Referred cases should be from labour rooms, operating theaters, or in-patient rooms, in addition to cases from emergency departments of the same hospital or other EHS hospitals or other health institutions outside the scope of EHS.

## **Service completion duration**

- According to the patient's medical condition

## **Service Fees**

Service fees are applied on a case-by-case basis and according to health card type and a valid health insurance (if any)
