

# **Request to organize a blood donation campaign**

## **About the Service**

The service aims to facilitate blood donation campaigns for government and private agencies, community institutions, and individuals.

## **Service Process**

- Once you are logged in successfully using UAE PASS, you will be redirected to your worklist. You can view a list of all applications created by you or create a new request.
- Click on the services link on the menu and select request to organize a blood donation campaign service.
- Fill the online form with the details of the campaign and submit the request.
- Go through the terms and conditions, before submitting the request provide acknowledgement that the terms and conditions are read and proceed to Submit the request.
- If application is sent back, you can check Request History tab for reason to send back (Comments). Make changes/corrections according to the reason for rejection and re-submit the application.
- If officer changes proposed date to another date, you can check Request History tab for the new date proposed by officer according to availability. If new date is acceptable, click on Accept Proposed Date. If not acceptable, you can change the date from campaign details section and click on Change Proposed Date button.
- NOTE: If application is rejected by officer, it cannot be re-submitted. If application is approved, request is complete you can proceed with the blood donation campaign. If you wish to cancel the campaign request, you can do so by clicking on the Cancel button before the application is approved, after approval the cancellation can be done up to 2 weeks before the campaign date. you must provide the reason for cancellation. Notifications will be sent by email after every officer action.

## **Required Documents**

- Submitting the request on the EHS website, and fulfilling the terms and conditions mentioned on the website

## **Conditions & Requirements**

1. General Terms and conditions: Organizations wishing to organize blood donation campaigns should submit the request on EHS website, and the number of prospective donors should be no fewer than 50. The appointment should be taken prior to the date. Organizer should mention the number of expected Donor. For any cancellation, the organizer must notify the blood transfusion and research center through EHS website two weeks before the campaign date. In case of cancellation from the blood donation center side, Organizer will be notified as soon as possible based on cancellation reason and another date will be set after the organizer's acceptance. The Blood donation center is responsible for providing snacks for donors', but in case of additional snacks distributed by campaign organizer to the blood donor's, The blood donation center will not be held responsible for any issue related to that.
