

Breastfeeding Counseling

About the Service

This service enables lactating women to receive counselling and health education related to the breastfeeding and proper nutrition.

{c1da060b-d67b-471c-bc92-2d54f6326097}

Service Process

- Register in the digital-services, create user name and password (If not yet registered), and login
- The postpartum mother will be referred to the primary health care center
- The mother will visit the center for the appointment and register at reception
- Health awareness will be provided in line with the educational approach for mothers
- The child will be registered in the primary health care center
- Conditions of breastfeeding will be assessed during early neonatal screening
- Awareness about breastfeeding and proper nutrition will be provided and the child's stages of growth and development will be monitored and vaccinations provided according to the Child Care Guidelines
- In serious cases, both mother and child will be referred to a specialized breastfeeding clinic in a primary health care center or hospital

Required Documents

- Valid Health Card for the pregnant mother
- Valid UAE ID card for the pregnant mother
- Valid UAE ID card for the infant (if any)
- Vaccination card for the infant
- Birth notification when evaluating breastfeeding during neonatal screening

Conditions & Requirements
