

Key Public Awareness Message

- Monitor weather changes and follow official weather forecasts and media.
- Use caution when driving on highways due to reduced visibility during weather fluctuations.
- Drivers should be extra careful due to early-morning fog in some areas.
- If visibility is extremely poor and driving is not possible, stop your vehicle off the road and away from traffic.
- Leave a safe distance between you and the vehicle in front during bad weather.
- Slow down when entering foggy areas and do not use hazard lights while driving.
- Do not overtake vehicles unless absolutely necessary in low-visibility conditions.
- Avoid driving slowly in the left lane, as it is designated for vehicles traveling at the posted speed.
- If you must stop, do not stop on the roadside—move to a safe place and turn on hazard lights.
- Do not use hazard lights except in emergencies; use low-beam headlights instead.
- Stay alert and focus only on the road for safe driving.
- Use road markings as guidance to help drive safely during poor weather.
- Do not speed even after fog clears.
- Parents are advised to delay trips during severe weather conditions.
- Always stay informed about local weather.
- Do not use a mobile phone while driving in bad weather.
